

MATERIAL HANDLING

MANUFACTURING

FACILITIES

There are 3.5 workplace injuries per 100 full-time employees in the US.* In manufacturing, material handlers and laborers are at high-risk for injury due to working with heavy freight, stock and materials on a daily basis, causing overexertion. Rubbermaid Commercial Products Material Handling solutions provide a safer work environment with ergonomic designs, high weight-load capacities and organized storage, improving safety and productivity in the workplace.

KEY DRIVERS

- INCREASING SAFETY
- ENHANCING PRODUCTIVITY
- IMPROVING ORGANIZATION

WHAT GETS MOVED

Commonly Transported Items

- Tools, Equipment, & Supplies
- Scrap & Raw Material
- Waste & Recycling
- In- and Out-Bound Goods
- Cardboard, Packaging, & Wrapping
- Food Processing Scraps
- Inventory
- Small Components & Parts
- Work-In-Process Materials
