Tork Advanced Bath Tissue Roll with OptiCore® features the patented OptiCore® two-part core technology and offers a unique combination of capacity, waste reduction and quality. This tissue is 100% recycled and exceeds EPA guidelines for post-consumer waste. This embossed tissue is made with de-inking and bleaching processes free of chlorine and other harmful chemicals as well as features more than a 25% reduction in core material for environmentally preferable packaging. Featuring premium brightness and near-premium handfeel, it's ideal for those seeking to achieve green status for their facility and purchase tissue produced with methods less harmful to the environment.
