

Quality Cleaning Products Since 1956

Quato 78 Plus

Disinfectant Cleaner Concentrate

Benefits:

Anionic Tolerant – Removes film left by other cleaners
Non-ionic Detergent Based – Hard water tolerant
Phosphate Free – Environmentally responsible
Non Staining – Will not discolour surfaces
Versatile – Cleans, disinfects and deodorizes
Safe – Non irritating at use dilutions
Registered – TPD & PMRA, EPA
Economical – Saves money

Description:

A super concentrated complex of germicides, detergents and odour counteractant, specially formulated to be effective against fungus and viruses as well as a wide range of both gram positive and gram-negative organisms. Passes all requirements for biocidal activity and tolerance to organic soil.

Caution:

- Use as directed. A pre-cleaning step is required and recommended for heavily soiled surfaces
- Keep out of reach of children and from freezing
- Read MSDS completely before using this product

Directions & Dilutions:

- 1) Disinfection:** For hard surfaces: walls, floors etc., dilute 1:124 parts water (1 oz/gal or 8 ml/L), allow solution to wet all surfaces thoroughly and remain wet for 10 minutes. Let air-dry.
- 2) Toilet Bowls:** First flush toilet, add 39 ml (1¼ oz) Quato 78 directly to the bowl water, swab, making sure to get under the rim, let stand 10 minutes then flush.
- 3) Mildew stat:** To control mould and mildew on pre-cleaned, hard, non-porous surfaces, dilute 1:124 parts water (8 ml/L or 1 oz/gal), wet surfaces completely, let air-dry. Repeat application weekly or as required.
- 4) Sanitizing:** To sanitize pre-cleaned, rinsed, non-porous food contact surfaces, dilute 1:450 parts water (200 ppm active Quat) allow solution to contact surface for at least 60 seconds. Let air-dry.
