| SIZES | |
|---------|--------------------------|
| ES98-4 | 3.78 L (1 U.S. gallon) |
| ES98-18 | 18.9 L (5.0 U.S. gallon) |

BENEFITS

- One of the very best Green Certified Finishes (EcoLogo/UL) on the market
- Very durable with a great gloss
- Wet look finish that can be UHS burnished, buffed or left as a scrub and recoat
- Easy to apply and maintain
- UL approved for slip resistance
- Greater durability, gloss, scuff and black mark resistance

DIRECTIONS

Strip and Recoat

- Before application, remove old coatings with a Green Certified Floor Stripper (such as ES90 or ES85).
- Pick up stripper solution using wet vacuum.
- Thoroughly rinse floors with clean water after stripping or deep scrubbing. Let dry, then dry mop. No sealer required except for new floors, very porous floors, or very high traffic. If so, apply 1 or 2 thin coats of Green Certified Sealer (such as ES82).
- Apply 3 to 4 coats of ES 98 Green Certified Floor Finish if sealer applied, or 5 to 6 coats if no sealer applied.
- Allow at least 30-45 minutes after dry to touch between coats.

Scrub And Recoat

- Recoat every 4-8 weeks, or as needed.
- Dry mop area.
- Scrub with a blue or green pad & ES91Deep Scrub.
- Rinse and let dry, then dry mop.
- Apply 1-2 coats of ES98 Green Certified Floor Finish.

Cleaning – Restoring Gloss

- Dry mop daily.
- Burnish regularly with a moderate white buffing pad or natural fibre pad. Do not use an aggressive pad.

Clean and Shine

Automatic Scrubber:

- Dry mop.
- Clean with ES84 Neutral Floor Cleaner or ES95, ES83, ES71 or ES900 – use a red pad.
- Allow floor to dry – burnish.

Mop and Bucket:

- Dry mop.
- Clean with ES84 Neutral Floor Cleaner or ES95, ES83, ES71 or ES900 and damp mop.
- No rinse required.
- Allow floor to dry – burnish.

CAUTION: KEEP FROM FREEZING

DISPOSAL

Dispose of used/unwanted product according to state and local regulations. Offer container for recycling.

PERSONAL PROTECTION
