

Facto™ PW50 Aqueous Parts Cleaner Concentrate

Low foaming alkaline cleaner concentrate specially formulated for use at elevated temperatures

Features & Benefits

- Excellent replacement for solvent based parts cleaners
- Cleans oils and grease from metal assemblies, engines, carburetors, and machine parts
- Use in aqueous parts washers

Usage Instructions

1. Dilute with hot water as recommended below
2. Top up solution as required to maintain cleaning action
3. When spent solution is allowed to stand and cool, most of the oils will float and sludge will sink leaving an easily treatable liquid
4. Tank should be dumped when solution becomes severely contaminated
