SECTION 1 - IDENTIFICATION

Product identifier used on the label: Heavy Duty Degreaser 75

Other means of Identification: ES75

Recommended use of the chemical and restrictions on use: For professional use only.

Manufacturer/Supplier: Charlotte Products Ltd.
Address: 2060 Fisher Dr.
          Peterborough, ON K9J 6X6
Telephone: (705)740-2880
Fax: (705)745-1239

24 Hr. Emergency Tel. #: Infotrac 1-800-535-5053 (North America), 011-1-352-323-3500 (International)

SECTION 2 - HAZARDS IDENTIFICATION

Classification of the chemical:
Skin Corrosion/Irritation 2
Eye Damage/Irritation 2A

Label elements:

Signal Word: Warning

Hazard statement(s)
H315 Causes skin irritation
H319 Causes serious eye irritation

Precautionary statement(s)
P264 Wash exposed areas thoroughly after handling
P280 Wear protective gloves/protective clothing/eye protection/face protection
P302+352 IF ON SKIN: Wash with soap and water
P305+351+338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses
          if present and easy to do – continue rinsing
P321 Specific treatment (see section 4 of SDS)
P332+313 If skin irritation occurs: Get medical advice/attention
P337+313 If eye irritation persists get medical advice/attention
P362 Take off contaminated clothing and wash before reuse
P501 Dispose of contents/container in accordance with local regulation
**SECTION 3 - COMPOSITION/INFORMATION ON INGREDIENTS**

**If the chemical name/CAS # is “proprietary” and/or the weight % is shown as a range, this information had been withheld as a trade secret.**

**SECTION 4 - FIRST-AID MEASURES**

**Description of first aid measures:**

If swallowed: Rinse mouth. Do NOT induce vomiting. Immediately call a poison center or doctor/physician.

If on skin (or hair): Take off all contaminated clothing. Wash with soap and water, rinse skin with water/shower. If skin irritation occurs get medical advice/attention. Wash contaminated clothing before reuse.

If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison centre or doctor/physician if you feel unwell.

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advice/attention.

Most Important symptoms and effects, both acute and delayed: Causes skin irritation. Causes serious eye irritation.

Indication of any immediate medical attention and special treatment needed: Treat symptomatically.

**SECTION 5 - FIRE-FIGHTING MEASURES**

**Extinguishing media:**

*Suitable extinguishing media:* Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

*Unsuitable extinguishing media:* Not determined
Special hazards arising from the substance or mixture: None known

Flammability classification: Not flammable

Hazardous combustion products: Carbon oxides, oxides of phosphorus other unidentified organic compounds.

Special protective equipment and precautions for firefighters:

**Protective equipment for fire-fighters:** Firefighters should wear proper protective equipment and self-contained breathing apparatus with full face piece operated in positive pressure mode.

**Special fire-fighting procedures:** Move containers from fire area if safe to do so. Cool closed containers exposed to fire with water spray. Do not allow run-off from firefighting to enter drains or water courses. Dike for water control.

### SECTION 6 - ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures:** All persons dealing with the clean-up should wear the appropriate chemically protective equipment. Keep people away from and upwind of spilt/leak. Restrict access to area until completion of clean-up. Refer to protective measures listed in sections 7 and 8.

**Methods and material for containment and cleaning up:** Prevent further leakage or spillage if safe to do so. Soak up with inert absorbent material. Do not use combustible absorbents, such as sawdust. Pick up and transfer to properly labeled containers. Contaminated absorbent material may pose the same hazards as the spilled product. Contact the proper local authorities.

**Special spill response procedures:** In case of a transportation accident, contact Infotrac 1-800-535-5053 (North America), 011-1-352-323-3500 (International). If a spill/release in the US in excess of the EPA reportable quantity is made into the environment, immediately notify the national response center in the United States (phone: 1-800-424-8802).

### SECTION 7 - HANDLING AND STORAGE

**Precautions for safe handling:** Handle in accordance with good industrial hygiene and safety practice. Use protective equipment recommended in section 8. Avoid contact with skin or eyes. Do not breathe dust/fume/gas/mist/vapors/spray. Wash face, hands, and any exposed skin thoroughly after handling.

**Conditions for safe storage:** Keep container tightly closed and store in a cool, dry and well-ventilated place. Store locked up. Keep out of reach of children.

**Incompatible materials:** Oxidizing agents. Do not mix with other chemicals or cleaners.

### SECTION 8 – EXPOSURE CONTROLS AND PERSONAL PROTECTION

</table>
Exposure controls:

Ventilation and engineering measures: Not required under normal use conditions. For production facilities use only in well-ventilated areas. Apply technical measures to comply with the occupational exposure limits. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. In case of insufficient ventilation wear suitable respiratory equipment.

Respiratory protection: Not required with normal use. If airborne concentrations are above the permissible exposure limit or irritation occurs, use NIOSH-approved respirators. Respirators should be selected based on the form and concentration of contaminants in air, and in accordance with OSHA (29 CFR 1910.134). Advice should be sought from respiratory protection specialists.

Skin protection: Wear protective gloves. Where extensive exposure to product is possible, use resistant coveralls, apron and boots to prevent contact. The suitability for a specific workplace should be discussed with the producers of the protective regimes.

Eye face protection: Wear eye/face protection. Wear as appropriate tightly fitting safety goggles; Safety glasses with side-shields.

Other protective equipment: Ensure that eyewash stations and safety showers are close to the workstation location. Other equipment may be required depending on workplace standards.

General hygiene considerations: Do not breathe vapors or spray mist. Avoid contact with skin and eyes. Do not eat, drink or smoke when using this product. Wash exposed areas thoroughly after handling. Remove and wash contaminated clothing before re-use. Handle in accordance with good industrial hygiene and safety practice.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Clear Red Liquid
Odor: No Fragrance Added
Odor threshold: No applicable information available
pH: 10.5-11.4
pH Diluted:

1:32 ~ 10.15
1:64 ~ 10.0
1:128 ~ 9.8
1:256 ~ 9.5

Melting/Freezing point: No applicable information available
Initial boiling point and boiling range: 100 °C
Flash point: No applicable information available
Flashpoint (Method): No applicable information available
Evaporation rate (BuAe = 1): Similar to water
Flammability (solid, gas): Not flammable
Lower flammable limit (% by vol.): Not Flammable
Upper flammable limit (% by vol.): Not Flammable
**Vapor pressure:** No applicable information available  
**Vapor density:** No applicable information available  
**Relative density:** 1.04  
**Solubility in water:** Soluble  
**Other solubility(ies):** No applicable information available  
**Partition coefficient:** No applicable information available  
**Auto ignition temperature:** No applicable information available  
**Decomposition temperature:** No applicable information available  
**Viscosity:** Water thin  
**Volatile organic Compounds (%VOC's):** 0 g/L  
**Other physical/chemical comments:** No applicable information available

### SECTION 10 - STABILITY AND REACTIVITY

**Reactivity:** Not normally reactive  
**Chemical stability:** Stable  
**Possibility of hazardous reactions:** No hazardous polymerization  
**Conditions to avoid:** Keep out of reach of children. Do not use in areas without adequate ventilation. Avoid contact with incompatible materials.  
**Incompatible materials:** Fluorine, strong oxidizing or reducing agents, bases, sulfur trioxide, phosphorus pentoxide  
**Hazardous decomposition products:** None known. Refer to 'Hazardous Combustion Products' in Section 5

### SECTION 11 - TOXICOLOGICAL INFORMATION

**Information on likely routes of exposure:**

**Routes of entry - inhalation:** Avoid breathing vapors or mists  
**Routes of entry - skin & eye:** Avoid contact with skin or eyes  
**Routes of entry - Ingestion:** Do not taste or swallow  

**Potential Health Effects:**

**Signs and symptoms of short term (acute) exposure:**

*Symptoms:* Please see section 4 of this SDS sheet for symptoms.  

**Potential Chronic Health Effects:**

**Mutagenicity:** Not expected to be mutagenic in humans.  
**Carcinogenicity:** No components are listed as carcinogens by ACGIH, IARC, OSHA or NTP.  
**Reproductive effects:** No applicable information available
Sensitization to material: No applicable information available

Specific target organ effects: No data available to indicate product or components will have specific target organ effects.

Medical conditions aggravated by overexposure: Pre-existing skin or eye disorders.

Toxicological data:

See the following table for individual ingredient acute toxicity data.

*All empty cells no applicable information available

Other important toxicological hazards: None reported.

SECTION 12 - ECOLOGICAL INFORMATION

Ecotoxicity: No applicable information available

Persistence and degradability: No applicable information available

Bioaccumulation potential: No applicable information available.

Mobility in soil: No applicable information available.

Other Adverse Environmental effects: No applicable information available.

SECTION 13 - DISPOSAL CONSIDERATIONS

Handling for disposal: Handle in accordance with good industrial hygiene and safety practice. Refer to protective measures listed in sections 7 and 8. Empty containers retain residue (liquid and/or vapour) and can be dangerous.

Methods of disposal: Dispose in accordance with all applicable federal, state, provincial and local regulations. Contact your local, state, provincial or federal environmental agency for specific rules.

RCRA: If this product, as supplied, becomes a waste in the United States, it may meet the criteria of a hazardous waste UN defined under RCRA, Title 40 CFR 261. It is the responsibility of the waste generator to determine the proper waste identification and disposal method. For disposal of unused or waste material, check with local, state and federal environmental agencies.
SECTION 14 - TRANSPORTATION INFORMATION

Special Shipping Information: Keep from freezing.
T.D.G. Classification: Not regulated under T.D.G.
D.O.T. Classification: Not regulated under D.O.T.

SECTION 15 - REGULATORY INFORMATION

TSCA information: All listed ingredients appear on the Toxic Substances Control Act (TSCA) inventory.

Canadian Environmental Protection Act (CEPA) information: All ingredients listed appear on the Domestic Substances List (DSL).

California Cleaning Product Right to Know Act of 2017 (SB 258)
