

Proven Effective Water-Based Wood Floor Program

Proven

- Water-based formula

Safer

- Addresses Slip & Fall Risks
- Low VOCs, low odour

Labour Savings

- Easy application process

Wood floors are often the “showcase” of any facility. Good looking, shiny floors convey a positive image to the public, patrons and employees using the facility. A proven maintenance system will enhance a floor’s natural beauty and protect your substantial investment. When determining a wood floor system, consider the **Swish® Wood Floor Care Program**. Since most wood floors can be brought back to “like-new condition” with a simple deep scrub and recoat process, the Swish® system eliminates the mess and time-consuming need for sanding, re-stripping lines and applying multiple coats of sealer and finish. Our system allows you to have your floors dry in 90+ minutes and cured/ready for use as soon as 24 hours.

It's a uniquely restorable method unlike traditional gym floor recoating methods that:

- Provides labour and cost savings
- Fits any budget

Swish® Prep Wood Floor Cleaner

Deep cleans and prepares wood floors prior to recoating. Removes embedded dirt, black marks and other soils, leaving the floor uniformly dull and ready for application of Swish® Gym Finish.

#9000-4 • 3.78 L

Swish® Gym Finish

This one-part, urethane acrylic, high solids, high gloss wood finish is an amazing improvement over conventional wood floor finishes. UL Certified for Slip Resistance.

Consider this:

- Safer - Low VOC
- Faster - 90+ minute dry-time, 24 hour cure-time
- Better Coverage - Spread rate of up to 800 sq.ft. per 3.78 L

#9002-4 • 3.78 L
#9002-20 • 18.9 L

Swish® Clean Heavy Duty No Rinse Cleaner

A mild pH cleaner for medium to heavily soiled floors. This low-foaming, free-rinsing product will not dull your wood floor, even when used with a white pad on an automatic scrubber. It quickly emulsifies ice melter residue and other soils that give your gym floor a dull appearance. UL Certified for Slip Resistance.

#9001-4 • 3.78 L

Swish® High Traction™ Wood Cleaner/Restorer

Cleans and restores gloss and prolongs the life of your finish on wood floors. Sports and athlete enthusiasts will appreciate the reduced risk of slip and fall, health and employee wellness this product provides. Will not cause build up with routine use. UL Certified for Slip Resistance.

**INSTANTLY IMPROVES
SLIP RESISTANCE**

#9003-4 • 3.78 L

Properties	Type	Form	Odour	Colour	Weight / Gallon	pH	Storage Stability	Dilution
Swish® Prep	Detergent/Solvent Blend	Clear Liquid	Citrus	Orange	6.61 lbs.	12-13	3 years	1:128
Swish® Gym	Urethane/Acrylic Blend	Opaque Blend	Mild Acrylic	Off White	8.65 lbs.	8-9	3 years	R.T.U
Swish® Clean	Synthetic Detergent	Clear Liquid	None	Blue	8.69 lbs.	9.0-10.5	3 years	Variable 1:20 to 1:128
Swish® High Traction™	Synthetic Detergent	Clear Liquid	Polymer	Clear/Straw	8.51 lbs.	7.8	3 years	1:64

Periodic Cleaning and Maintenance

- Dust mop floor frequently to remove dirt and soil and help reduce damage
- Clean with Swish® Clean diluted at variable 1:128 - 1:20 depending on level of soil using auto scrubber and red pads; allow to dry
- Let floor dry completely, but do not rinse
- If increased traction is required, clean with Swish® High Traction™ Wood Cleaner/Restorer using auto scrubber or damp mop
- To restore gloss or repair scuffs, buff or burnish with the appropriate pad and machine
- For ultimate high gloss appearance burnishing with hair pads using Enviro-Solutions® ES94+ is recommended

Enviro-Solutions®
ES94+ Wood Polish
#ES94+-1 • 4.73 mL

Deep Cleaning/Preparation

- Dust mop floor and remove all gum and labels
- Apply Swish® Prep diluted at 1:128 (30 mL (1 oz.) per 3.78 L) to deep clean and remove embedded dirt, black marks and other soils
- Simple damp mop rinse; allow to dry
- Using a weighted T-Bar apply a thin even coat of Swish® Gym Finish following the grain of the wood
- Allow approximately 1-2 hours between coats
- Apply 2nd coat
- If necessary scrub coats if grain raising occurs or if it has dried longer than 8 hours

Testimonials

"It's been a year without a recoat and we still have a vibrant floor".

"The finish is a very easy product to apply and is very time and cost effective".

"After 8 months of hard usage with once a month burnishing the floor still looks great".

"High Traction™ is a true problem solver for wood floors. When the coaches have concerns about their athlete's foot traction, we wash the floor with High Traction™ and the concern is addressed".

"For the first time, a water based program that actually works".

"We are amazed with the low odour of the Gym Finish. No more complaints or absenteeism due to harsh odours from teaching staff".

"Thank you for your professional training session. After one application, we are confident to apply this on our own".

"In the past, we have recoated our gym floors every year. Now, we can prolong recoating for up to 18 months. This is a major cost saving benefit".

"We were very happy with the 3-part program. Now, with the addition of High Traction™ Cleaner/Restorer to address any potential slip concerns, we have an instant solution".

What Sets Us Apart

- **DEEP EXPERTISE** in the cleaning industry for over 60 years
- **ON-SITE CONSULTATION & APPLICATION TRAINING** by wood floor specialists
- **DOCUMENTED TRAINING PROGRAMS** to assist you in training your staff on the new cleaning technologies and compliance topics
- **DISTRIBUTION CENTRES** for trusted, efficient delivery coast to coast
- **E-COMMERCE** for easy online ordering to ensure consistency and efficiency
- **ENVIRONMENTALLY RESPONSIBLE PRODUCTS** formulated to deliver clean results without sacrificing performance
- **HIGH-PERFORMANCE PRODUCTS** manufactured in Canada
- **CLEAN-IT® STORES** with experts and range of cleaning solutions for pick up at any time
- **LONG-TERM RELATIONSHIPS** with national brand name manufacturers
- **CLEANING EQUIPMENT AND SERVICE EXPERTS** deliver professional service on-site or at our fully-equipped repair shops
